Rear Inputs/Outputs

Side Inputs

Product highlights

Integrated HD Television
Enjoy the convenience of free-to-guest off air/cable HD reception (unencrypted ATSC/QAM) with the built-in HD tuner.

Wireless Clone Programming
Provides the ability to copy all programming settings from one set into additional sets, to ensure uniformity between sets and significantly reduce installation time.

Total Program Control
Locks in commercial customized settings and features with a master TV set-up remote control. Features specific to installation requirements such as "turn on volume" and "turn on channel" are blocked from guest access with a normal remote. Set up the TV to your preferences and the settings remain locked.

S-Video Input
The ideal way to connect high resolution picture sources like DVD, Digital Satellite, Cable TV and video games consoles for even better detail than standard video inputs.

Component Video Inputs
The best possible input for high resolution sources such as DVD, STB, and game consoles for superb color purity detail and reduced color noise, surpassing even S-Video.

High Contrast Picture Tube
Delivers a vivid more realistic picture as compared to conventional televisions.

Side Stereo AV + Headphone Jacks
Connecting digital cameras and video games is quick and easy. You can enjoy your favorite program or game in great stereo sound without disturbing others by connecting your headphones (optional) to the handy side jack.
